## Summerization Form

It is that time of year again, to be thinking of getting your boat water ready for a worry free summer. It is important to get your boat scheduled for services early, to avoid the long lines this spring. **A minimum of ½ hour labor will be charged for offsite and weekend summerizations.**

### Summerization Includes:

- \* Charging and connecting the battery. We then visually check the fire extinguisher, all running and navigational lights, horn, bilge system, starter, water pump, all belts, all hoses, drain plugs, prop, and the general condition of the boat.
- \* We top off all fluids (not including fuel).
- \* We perform a lake test on the boat and check the operating temperature, oil pressure, kill switch, and check for leaks.

### Other services offered at an additional fee – Call for Estimate

- Change Oil, Filter, and Gear Lube
- Water Pump Impeller Replacement
- Tune Ups
- Yearly Services
- Fresh Water System

### Sublet Services offered at an additional fee – Call for Estimate

- Acid Wash and Boat Detailing
- Fiberglass Repairs
- Interior Repairs
- Upholstery Repairs
- Prop Repairs

**Please reserve your spot early. Weekend Summerizations will be charged an extra ½ hour labor rate (minimum).**
